

To Whom It May Concern:

This is a letter of recommendation for Tommy Huff. Tommy has been a student in a number of the courses that I teach at Brigham Young University-Idaho. Tommy has a good work ethic and works well with others.

Tommy has been a student in several courses that I teach. Each of the courses required a good deal of discipline to complete time-consuming projects outside of class. Tommy has shown that he can produce high-quality projects and on deadline. Tommy enjoys shooting and editing photos and video and is skilled in a variety of software programs.

As I have observed Tommy interact with others in class and group projects, I have been impressed by his ability to get along well with others. Tommy is willing to listen and take feedback from classmates and group members.

Tommy is a hard worker and has the initiative to get things done. I was impressed with the level of detail in his senior project. I have enjoyed having him in my classes. Please contact me if you have any questions or would like further information.

Sincerely,

Brian Howard
